DETAILED ACTION

Claim Rejections - 35 USC § 101

1. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

2. Claims 13-19 are rejected under 35 U.S.C. 101 because the claimed invention encompasses non-statutory subject matter. The specification contains no guidance as to the scope of computer readable medium. Thus the broadest reasonable interpretation of the term includes both statutory mediums and non-statutory mediums (such as transitory signals). Applicant may want to consider following guidance given at http://www.uspto.gov/patents/law/notices/101_crm_20100127.pdf

Allowable Subject Matter

3. Claims 1, 3-7, 9-11 are allowed. Claims 13-19 would be allowable if rewritten to overcome 101 rejections.
